RECEIVER WANTED
FOR OIL & GAS CO.

From the Cassville Democrat
 A suit asking for the appointment of a Receiver for the Barry County Oil and Gas Co., was filed in the circuit clerk's office in this city, last week, by attorneys Sizer, Gardner & Smith of Monett.

The plaintiffs in the suit are: R. C. Wilson, M. C. Prevo, Ed Rice, J. C. Richardson, Sid Hagan, R. Weis, Peter Planchon, G. T. Prevo, W. C. Owens, R. Bradshaw, Dr. Carlos Copeland, Jas. King and J. A. Poyner.

The petition alleges that the promoters of said company sold more than three thousand shares of stock among the citizens of Barry and Lawrence counties and from the sale of said stock raised and paid into the treasury of the company more than \$30,000.

The petition further alleges that the officers of said company have closed their office at Monett, Mo., and are now threatening to dismantle the machinery and remove the casing from said well and to ship machinery and casing out of the state of Missouri.

The plaintiffs ask that a receiver be appointed to preserve and conserve the property and to take immediate charge of the same as well as the books and records of said company, that there may be an accounting had of all sums of money which have been expended.

A temporary injunction has been granted by the court restricting the defendants from pulling the casing down the well and also from tearing down any of the property.

The Barry County Oil & Gas Co., was organized sometime ago for the purpose of drilling for oil in the vicinity near Jenkins, in this county, and they now have an un-finished well in the neighborhood of 2000 feet deep. Indications are said to be very good and it is understood that the officers of the company expect to strike oil at almost any time.

The officers of the company announced in the papers last week that the equipment at the well was not of sufficient size to go further with the drilling and we understand they proposed to dismantle the present machinery and send it to a smaller lease they own in Kansas and install a larger equipment at the Jenkins well. It is hoped that they will soon adjust their differences and continue their operations.

Frank King, Leonard Owens, Mr. and Mrs. Jim Solomon were among the Monett people who attended the Shrine ceremonial at Springfield, Friday. It is the last ceremonial of the year and officers for the ensuing year will be elected.

TAKING DESPERATE CHANCES

It is true that many contract severe colds and recover from them without taking any precautions or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the systeming attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

The accident took place on Third street between Broadway and Bond street. Mr. Shreve was attempting to pass the big truck from Joplin which delivers overall material to the Oberman Manufacturing Co., which was backed in on the right side of the street to unload the goods, when he saw the other car coming and shut off the gas and put the brakes in reverse. The Wormington car ran head-on into the Shreve car. Mr. Wormington said he did not see the car.
